

# Simple and swift, from launch to lift

When it comes to your time on the water, every moment is precious. **ShoreStation Hydraulics** offers the most reliable lift on the market, giving you confidence, and making boating simple and swift, from launch to lift.

**RELIABLE DC POWER**  
The solar-powered, DC power unit eliminates the need for an AC circuit on the dock, providing safety and superior performance on command.

**BUILT-IN SAFEGUARDS**  
ShoreStation's design includes safe-guards against critical failure. Pulling – rather than winding cables – eliminates cable fatigue issues. In addition, our system is designed to stall before lifting damaging loads.

**WIRELESS REMOTE**  
Raise and lower your ShoreStation hydraulic lift with water resistant multi-functional remote. Programming and operation all in one unit! Comes standard with 2 remote transmitters.

**QUICKLY SECURES BOAT**  
When you have a ShoreStation lift, there's no need to worry about wind and waves getting in your way. This lift is the fastest on the market and will give you the confidence to safely land and secure your boat in less than ideal conditions.

**TROUBLE-FREE HYDRAULICS**  
When your boat is lifted, our above water hydraulic cylinder is retracted preventing exposure to the elements and corrosive fouling found with underwater hydraulic designs.

**LEVEL-LIFTING PLATFORM**  
With a simple push of a button, the unique tandem hydraulic pump delivers equal volume to both cylinders. Synchronized lifting keeps the platform level with minimal manual intervention.

## Customize your shorefront with ShoreStation Hydraulic Boat Lifts

From simple to sophisticated. Overhead to under-deck. The options are endless!  
This isn't your typical boat lift! Our unique above-the-water hydraulic design allows you to get creative so your shorestyle complements your lifestyle.  
Install high for tidal fluctuation, deck level for a low profile look, or deck over the platform. Hang it from the ceiling, hide it in the roof or mount it under the deck.  
**Your contractor can help you design a custom shorefront to meet your needs.**

**15 Year Cable Warranty**  
Our lifts are backed by the best warranty in the industry!

### Standard Models

SPECIFICATIONS	LTPM408HS	LTPM608HS	LTPM808HS	LTPM10010HS	LTPM15010HS	LTPM20010HS

# Compare the features and discover why ShoreStation is far superior value!

Our revolutionary hydraulic design utilizes DC power to provide the fastest lift speeds on the market. Cables cannot be overwound or unspooled maximizing cable life, safety, and your time spent on the water.

**The result...the fastest, safest, most reliable boat lift on the market!**

Cables pulled not wound

VS.

Cables wound around pole or winch drum

ShoreStation Hydraulic	Comparison Chart	Traditional Cable Winder
Up to 96" per minute*	<b>Speed</b>	Up to 40" per minute
Cannot overwind or unspool	<b>Cable Protection</b>	Easily unspool if cable goes slack
Safe Reliable DC with Solar Panel	<b>Power Source</b>	AC Circuit Required
15/6/3 Year Manufacturer's Warranty	<b>Warranty</b>	1 year
Hassle-free cable design, corrosion resistant materials, stainless cables and hardware	<b>Maintenance</b>	Annual inspections, cable greasing, re-string cables
Tandem pump auto levels	<b>Level Lifting</b>	Manual intervention to keep level
2 Key FOB remotes standard	<b>Wireless Operation</b>	Unavailable or upcharge
Corrosion free poly/aluminum UltraBunks conform to hull	<b>Bunk Support</b>	Rigid carpeted wood bunks

Your Summer. Simplified.

ShoreStation®

## Share Your Summer Story.

Summer. If you live on the water, there's no doubt it's the best season of the year. Whether your memories are made from the boat or the dock, the water or the land, this is the time where your stories are written. ShoreStation is proud to help make those moments happen, and this year, by simply sharing your summer story with us, you could WIN big.
