

"As a residential and commercial dock construction and pile driving company, Shoreline Pile Driving has found that introducing the ShoreStation FlexPower® Hydraulic Lift to the Okanagan Valley has been exceptionally beneficial. The FlexPower® has proven to be the industry's leading hydraulic lift on Okanagan Lake for residential and commercial use. The ShoreStation FlexPower® lift has many unique benefits, as the cylinders are above water, pile mounted, safe and secure. These lifts are extremely durable and will withstand boat impact, wind and wave action. The ShoreStation lifts have proven to be the fastest and most reliable lift in our market. Our company has been recommending ShoreStation product to all prospective clients with great success. The ShoreStation FlexPower® boat lift is hassle free, reliable and installation has proven to be fast and easy.

▄▄ The FlexPower® has proven to be the industry's leading hydraulic lift on Okanagan Lake for residential and commercial use."

The ShoreStation team has been a pleasure to work with and very accommodating. Everything has been communicated in a timely and professional manner. Since the introduction of ShoreStation boat lifts to our product line, our company continues to gain a competitive advantage within the industry contributing greatly to our success." - Bob Jones of Shoreline

Advantages of Dry Slips

From reduced maintenance and increased protection, to environmental benefits and a boost in value, there are many advantages to storing a boat on a lift, as opposed to in the water.

- ✓ Eliminates costly bottom cleaning and painting maintenance
- ✓ Preserves boat engines and rigging
- ✓ Prevents intake clogging from marine growth
- ✓ Protects the boat from wave damage
- ✓ Reduces the risk of the boat sinking at the dock during storms
- ✓ Protects marine life by reducing prop disturbance
- ✓ Increases resale value of the boat

The Key to Occupied Slips is Satisfied Clients

ShoreStation FlexPower® Hydraulic lifts
are designed with your clients in mind.

- ✓ **Improved user experience** - Fast, reliable and high-end dry slips mean a more enjoyable experience for your clients.
- ✓ **Peace of mind** - Since 1959, ShoreStation waterfront equipment has been known for dependable, trouble-free operation allowing clients to relax and use their boat more.
- ✓ **Higher resale value on boats** - Protecting the boat from wave damage and paint issues, and preserving the engine and rigging increases the resale value of your client's boat.
- ✓ **Slashed boat maintenance costs** - Clients will love the money they save by eliminating costly bottom cleaning and preventing intake clogging.

Why Waterfront Developers Choose ShoreStation

- ✓ **Higher demand for boat slips** - Satisfied slip clients mean increased rental revenue and a faster return on investment, which in turn enhances your property value.
- ✓ **Minimal operation and installation costs** - The DC powered lift eliminates the need for costly high-powered dock circuits. Charge the batteries with a Solar Charger for continuous, safe & reliable power.
- ✓ **Don't spoil your waterfront view** - With ShoreStation you choose whether to mount the lifting mechanism above or below the dock level for an invisible profile.
- ✓ **Industry best warranty and support** - ShoreStation stands behind its lifts with a 15 year cable warranty, training, installation assistance, and unmatched sales/service support to ensure your ShoreStation lifts operate properly.
- ✓ **Minimum maintenance** - The above the water hydraulic design is engineered to operate without failure in harsh marine environments. The absence of winched cables prevents bird-nesting, over-wincing or cable failure while DC power eliminates late night calls due to power issues.
- ✓ **Increased dry storage** - Boats can be left on the lift for long periods of time, increasing your dry storage.

Why Slip Clients Prefer ShoreStation

- ✓ **Speed is more than convenience** - Landing a boat in wind and waves can be hazardous. The speed of ShoreStation's hydraulic lift reduces the time maintaining your boat's position while waiting for the lift to secure the boat out of harm's way.
- ✓ **Simple, reliable operation** - With the ease of a single push of a button, you can unleash a powerful burst of battery power that is continuously charged with solar power.
- ✓ **Fast, easy launching and loading** - ShoreStation FlexPower® Lifts make boating simple and swift from launch to lift. Getting you to the fun more quickly, allowing you to make memories for a while longer.
- ✓ **Safety first** - DC power purposely chosen for its superior safety and performance in the marine environment.

The best cable warranty on the market!

All ShoreStation FlexPower® Hydraulic boat lifts are backed by the best warranty in the industry. Our unique design significantly reduces cable stress and keeps your lift working properly for years to come.
